Curiosity Approach

This approach centres around areas in which children are naturally inclined. Teachers still guide them to other areas for holistic development. Imagination, curiosity and natural elements take root here.

- Natural elements for discovery of the world
- Uninterrupted play to promote imagination
- Play with real-life objects above single-purpose toys
- Fewer tables and chairs to allow moving about
- Little to no plastic or over-stimulating bright colours

Our approach

Our preschool is a safe, fun-filled place where young children can play, laugh and learn through the joys of childhood. Our programme focuses on the following:

- Identity (personality, friendship, sharing)
- Physical wellbeing (movement, safety)

- Communication (speech, listening, understanding)
 - Creativity (playing, drawing, painting, dancing, imagination)
 - Mathematics (shapes, size, time, counting)
 - Explore and learn about the world
- Visit our website for more information.
